

BUGGY ROUTE

Buggy users are asked, wherever possible to use the paths and the semi-rough. In the case of adverse ground conditions buggies should be left in the semi-rough and the player walk to play a shot.

Particular care should be taken in the following areas:-

Hole No 7 use the slope from the gold pot tee or if no one is playing the hole the semi-rough on hole no 8. Do not use the slope from the silver pot tee.

Hole No 10 do not use the bridges across the dyke. Use the roadway to the left of the hole. If it is necessary to go to the right of the hole make sure no one is driving from the 4th tee.

Hole No 11 use the semi-rough to the right of the dip.

A copy of the complete buggy route is available in the Professional's shop and in the Clubhouse
